

PROJECT TITLE

PHASE 1 TREE PLANTING ON STATE ROUTE 71

SBd 71 R 4.8/ R 8.5 and RIV-71- R0.0/R2.7 (PM)
08-0F1000

Insert Location Map Below:

Project Location:
In San Bernardino & Riverside Counties near
Chino & Chino Hills

Co/Rte/KP/PM:
SBd 71 PM R 4.8/R 8.5 & RIV 71-R 0.0/R 2.7

Project Description:
On Route 71 from Soquel Canyon Parkway/Central Avenue to Riverside County Line and from the San Bernardino/Riverside County Line to the Santa Ana River Bridge

Project Scope:
Phase 1 Tree Planting and Aesthetic Improvements through Inert Materials

Existing Funding: IIP: \$0
RIP: \$0
Other: \$0

Future Funding Need: \$0

Total Estimated Cost: \$1,505,000

Project Schedule:
PA & ED 03/06
RTL 03/08
CCA 03/12

PROJECT INFORMATION

Purpose & Need for the Project:

Phase 1 Tree Planting.
In 1994 the San Bernardino Associated Governments (SANBAG) and Caltrans developed a Route 71 Landscape Master Plan Technical Committee for Route 71. The State Route 71 Planting Master Plan was the result of a highly cooperative, multi-jurisdictional planning effort to provide a comprehensive master plan for the approximately eight (8) miles of SR 71 within the County of San Bernardino. The Purpose of the plan was to promote consistency and uniformity along this route. The area is unwarranted for standard highway planting, because Route 71 was funded and constructed by the local agency (San Bernardino County Associated Governments). This project is stage one tree planting and will consist of at least 25% natives. A greater percentage of natives will be used in areas where natural hillsides are adjacent to the corridor. Informally massed trees and shrubs respond to needs for

screening, buffering and views. This project will begin the first phase route tree concept as outlined in the master plan. During the PA & ED Phase Caltrans will pursue a cooperative maintenance agreement with Chino Hills to maintain this TE Project. The Design will incorporate inert materials to be maintenance free.
